Version August, 2014

TEMPUS PROGRAM 2011-2014

EDUCATION OF TEACHERS IN THE FIELD OF ECOLOGICAL FOOD PRODUCTION AND MANAGEMENT

The project EDUECO (Education of Teachers in the Field of Ecological Food Production and Management, TEMPUS Project No 516964) aims at building up educational capacities in educational institutions in Serbia, Bosnia Herzegovina and Montenegro to support sustainable economic development of food production based on ecological principles. The idea of EDUECO project is developed to meet the expected increase of consumer demands on food produced on ecological principles through improved teaching and knowledge transfer, knowledge development and networking.

The project addresses the 'Europe 2020' program priorities, particularly the 'Smart growth' (develop educational systems), 'Sustainable growth' (ecological food production) and 'Inclusive growth' (develop strong connection between job market demands and education).

This document presents vocational training courses in organic farming and management developed in the framework of the project EDUECO.
